

November 2015

Dear Resident,

As you may know, the first phase of redevelopment in Mark Center will feature a new mixed-use Town Center, offering new apartments and amenities such as a full-service grocery store, new shops, restaurants, neighborhood services and a green space for community events.

We are excited to be able to provide quality neighborhood goods and services in a location convenient to all Mark Center residents.

At this stage of redevelopment, however, there is not much new information to share, but we will continue to provide you information every other month in order to keep you informed of any progress.

It is important to remember that Phase I construction will occur gradually over a number of years. **No major redevelopment will begin before late 2016.** The JBG Companies will notify all residents who will be affected by construction at least nine months prior to any development activity, in addition to the required written 120-day advance notice.

Please expect the next letter in January. We will send more frequent mailings once the pace of progress increases. As always, we appreciate your patience.

In the interim, please visit www.MarkCenterInfo.com to learn more or to sign up for electronic updates.

Sincerely,

The JBG Companies
