

July 2016

Dear Resident,

Summer time has arrived!

While there is not much new information to share at this stage in redevelopment, we will continue to send letters every other month to keep you informed and will increase the frequency once more information becomes available.

The future first phase of redevelopment at Mark Center will bring a brand new, mixed-use town center with apartments and neighborhood amenities including retail, restaurants, services and green space for community gathering. In 2012, the City of Alexandria approved the Beauregard Small Area Plan and the redevelopment and renovations that will eventually take place will be consistent with that approved plan.

Just as a reminder, Phase 1 of construction will occur gradually over a number of years and no development will begin before 2018. The JBG Companies plan to notify residents who will be affected at least nine months prior to any redevelopment as well as send out the required 120-day advance written notice to residents.

As always, thank you for your patience! More information can be found on www.markcenterinfo.com.

Regards,
The JBG Companies
