

THE APARTMENTS AT
MARK CENTER

September 2016

Dear Resident,

In July, The JBG Companies submitted additional plans and information to the city with the goal of advancing the approvals for the first phase of the new town center development. The plans that were submitted for the future phase of redevelopment at Mark Center will bring a brand new, mixed-use town center with apartments and a variety of neighborhood amenities.

Phase 1 of redevelopment will eventually include select buildings on Merton Court, Winston Court and Reading Avenue.

The approval and planning process has many different steps and as we move through each phase of planning, we will keep you up-to-date so that you may stay informed as we move forward.

As you may know, the City of Alexandria in 2012 approved the Beauregard Small Area Plan and the redevelopment plans that have been submitted to the city are consistent with that approved plan.

No development will begin before 2018 and Phase 1 of construction will occur gradually over a number of years. The JBG Companies will notify residents who will be affected at least nine months prior to any redevelopment in addition to sending out the required 120-day advance written notice to residents.

We will continue to send letters every other month and will increase the frequency to keep residents informed as more information becomes available.

As always, thank you for your patience and more information can be found on www.MarkCenterInfo.com.

Regards,
The JBG Companies
