

THE APARTMENTS AT
MARK CENTER

May 2017

Dear Resident,

Spring has sprung and we love seeing green return to the trees.

As of right now, there is not much new information to pass along.

The JBG Companies submitted additional plans to the City of Alexandria in the summer of 2016 to help advance the approvals needed for the first phase of the Village Center at Mark Center. The future first phase of redevelopment will include buildings on Merton Court, Winston Court and Reading Avenue. The plans submitted detail a brand-new, mixed-use development with apartments, retail and community-serving amenities.

As you may already know, in 2012, the City of Alexandria approved the Beauregard Small Area Plan and the redevelopment plans we submitted last year are consistent with this previously approved plan.

The planning and approval process takes time and this project will occur gradually over a number of years. It is important to remember that no redevelopment will begin before mid-2018.

The JBG Companies will notify all residents who will be affected at least nine months prior to any construction. The required 120-day notice will also be sent out to residents.

We are committed to making sure our residents stay informed throughout this process. We will continue to send out letters every other month as we move forward and will increase the frequency once more information is available to share.

We thank you for your patience, as always, and more information is available at www.MarkCenterInfo.com.

Regards,
The JBG Companies
