

April 2014

Dear Resident:

We are pleased to announce that Global Food is on track to open by the end of this month with a grand opening celebration to follow. The new store will serve as a convenient shopping option for our residents and the broader community.

Global Food currently has four locations in Virginia and Maryland and has been providing international food choices to local residents since 2002. If you are interested in learning more about what Global Food has to offer and to view its weekly specials, please visit their website at www.theglobalfood.com.

Along with the new grocery store, the Beauregard Small Area Plan calls for a new mixed-use town center. It is anticipated that the Town Center will be home to a variety of amenities including coffee shops, restaurants and banks. These enhancements are intended to provide quality neighborhood services to all Mark Center residents within walking distance.

The JBG Companies continues to work through its plans for Phase I, which includes the Town Center. Please note that no redevelopment will occur until at least, late 2015. Please visit our website (www.MarkCenterInfo.com) for more information and to sign up for electronic notices.

Sincerely,
The JBG Companies
