

THE APARTMENTS AT  
**MARK CENTER**

March 2015

Dear Resident,

In an effort to keep all residents informed this letter will serve as an update to the redevelopment efforts at Mark Center.

The first phase of redevelopment at Mark Center will feature a new mixed-use Town Center, offering new apartments and amenities such as a full-service grocery store, new shops, restaurants, neighborhood services and a green space for community events. These enhancements are intended to provide quality neighborhood goods and services in a location convenient to all Mark Center residents.

The plans for the first phase of redevelopment at Mark Center were very well received by the Beauregard Design Advisory Committee and will move forward as presented last summer.

It is important to remember that Phase I construction will occur gradually over a number of years. **No major redevelopment will begin before mid-2016.** The JBG Companies will notify all residents who will be affected by construction at least nine months prior to any demolition, in addition to the required written 120-day advance notice.

As a reminder, these updates will occur every other month as progress is slow at this stage of the redevelopment. Please expect the next letter in May. We will send more frequent mailings once the pace of progress increases. As always, we appreciate your patience.

In the interim, please visit [www.MarkCenterInfo.com](http://www.MarkCenterInfo.com) to learn more or to sign up for electronic updates.

Sincerely,

The JBG Companies
