

September 2015

Dear Resident,

The plans for the first phase of redevelopment at Mark Center were very well received by the Beauregard Design Advisory Committee and are moving forward as presented last summer. At this stage of redevelopment there is not much new information to share, but we will continue to send letters every other month in order to keep you informed of any progress.

The first phase of redevelopment at Mark Center will feature a new mixed-use Town Center, offering new apartments and amenities such as a full-service grocery store, new shops, restaurants, neighborhood services and a green space for community events. We are excited to be able to provide quality neighborhood goods and services in a location convenient to all Mark Center residents.

It is important to remember that Phase I construction will occur gradually over a number of years. **No major redevelopment will begin before mid-2016.** The JBG Companies will notify all residents who will be affected by construction at least nine months prior to any development activity, in addition to the required written 120-day advance notice.

Please expect the next letter in November. We will send more frequent mailings once the pace of progress increases. As always, we appreciate your patience.

In the interim, please visit [www.MarkCenterInfo.com](http://www.MarkCenterInfo.com) to learn more or to sign up for electronic updates.

Sincerely,

The JBG Companies
